# Summer Newsletter 2019

Beloved Mighty Hercules' Strength, Love and Protection has surrounded Beloved Saint Germain's "I AM" School this year, and we are truly grateful as we have had to take on the Herculean task of confronting the dope beast in our precious Mount Shasta city. We learned the true meaning of Ascended Master Friends and Helpers with many from the community rallying together to form organizations and commit dedicated time and love to this cause. WE ARE SO GRATEFUL! to each and every one of those lifestreams, and we bless you forever. It is not over yet, but we continue with the Strength of Beloved Mighty Hercules and our Ascended Master Helpers in the community.

Beloved Mighty Hercules was our chosen Master this year by our two graduates, Emmanuel Saryon and German Cavazos; and how apt that choice was! Their strength in the Light has shone through this year, and we wish them all the Love, Light, Happiness and Miracle Blessings in all they do in their future endeavors. We will surely miss their calm demeanors and ever-helpful strength around the school! God Bless you both!

Here are some excerpts from both our graduates' senior speeches delivered at the Graduation Ceremony held in the

"I AM" Temple of Mount Shasta, in front of their fellow classmates, teachers, friends and family:

### LIMITLESS

"The foundation of success is linked to a positive attitude. With the correct belief, one will get back up after every failure and try again. I have always enjoyed playing and watching soccer, and I have noticed that many of the professional soccer players have grown up in poverty, but their attitude and determination helped them to become successful. I am inspired by those soccer players and people who pursue their dreams despite their circumstances. Not surprisingly, most famous or successful people display a positive mindset. The best of the best fail many times, but the difference between an extremely successful individual and an average one, is that the successful one always gets back up and never quits. Beloved Bob says: 'Have a motto, maybe several in your school rooms to keep the children reminded that the motive acting in the feeling, or in other words the attitude of the feeling acting within the individual, is the decreer of how the energy of Life is going to act for that one. If the motive and attitude

be right, Life will charge the quality of Perfection into the energy going forth from that individual, which is an ever-increasing activity.' (*The Voice of the 'I AM,'* 1939.02:29) We thank Beloved Bob for those words. ...

"To all my current and previous classmates and friends, I want to say thank you for all the great adventures I have had, and for helping me through these last few years. As Beloved Hercules says: 'What a glorious word is that word in the human vocabulary— True Friendship! It covers the greatest scope in the Universe. True friendship in which there is no selfishness, no jealousy, no condition but just the Outpouring of Divine Love and Blessings, one to the other. The greatest thing in the experience of mankind is Friendship; Friends of the Light; Friends of Its Purity and Perfection; Friends of the Great Desire for Perfection, which brings Its Limitless Reward to all.' (*The Voice the the 'I AM,'* 1941.05) We thank Beloved Hercules for those words. ...

"I am grateful to have this knowledge on a positive attitude, and the limitless

## SPRING RECITAL

A star theme manifested at this year's Spring Recital, with the Bell Choir performing a much loved Star movie score, along with pieces such as "The Planets" by G. Holst.

Back Row: Alan von Medvey, Aidan Kihm, Andi Wereta, Emmanuel Saryon, German Cavazos, Justin Blomberg, Olivia McConaghy, Alexis Kihm.  
 Front Row: Zyan Dodson, Kevin Unthank, Eric Frandsen, Shanti Asay, Bella Davis, Izzy Kaufman, Thomas Davis, Bodhi Dodson.

# Graduation 2019

Continued from first page:

on a positive attitude, and the limitless possibilities it brings. Gandhi once said: 'Keep your values positive because your values become your destiny.' This sums up the importance of a positive attitude. Finally, I want to leave my fellow students with this, that with the right skills and attitude, your opportunities are limitless. Thank you."

Emmanuel Saryon

2019 Graduate

## MY DREAM COME TRUE

"Today I share with you my great dream that is the honor of graduating from Beloved Saint Germain's 'I AM' School. It all started when I was 7 years old. When I was growing up I felt lonely because there were no young students with whom I could play or talk to about the 'I AM' Teachings. I always thought that I was alone and so it became one of my dreams to know more young people like me. To my surprise that day would arrive a month before I graduated from high school

in Monterrey, Mexico, when Claudia Peña talked to my Mom and I about the opportunity to study at Beloved Saint Germain's 'I AM' School in California. Having already planned what I would do when I graduated—starting university and where I would work—I dropped everything to come to the 'I AM' School. I was surprised because I was not aware there was such a school or that there were other young people like me. I was obviously very happy. I decided that I would love the idea of being in the 'I AM' School, but when I started to think more about how long I would be gone then it became difficult to be leaving home. This was going to make a big change in my life. Knowing that I was going to leave my family and friends for two years was hard to think about, and I didn't know if I could do that. I would be living without my sister's jokes, my grandmother's great food, and the best Mom in the world. (I love you Mom.) However, my desire to be and share my life with other young people like me won! My dream to study not only academics, including improving my English, and many useful life skills and knowledge about the Higher Laws of Life became a reality when I came to the 'I AM' School in the summer of 2017. Beloved Bob says: 'It is Our Hope through the "I AM" Ascended Master Youth,

as you become established in the outer activities that you have chosen, to bring many, many, many of Young America into this Activity; for they are seeking that which the outer world cannot and has not given them. If you will hold to Our Ideal—that which is WORTH living for, and show them the Ideal, which is high, clean and yet joyous—as you give the Obedience through your own self-control, they will soon come to look upon you as those whom they can trust and those whose power and courage is always at hand. Thus, you will draw many, many into your Youth Groups who will be so glad to come home.' (*The Voice of the 'I AM,'* 1946.03:6). We thank Beloved Bob for those words. ...

"All of the experiences (at the 'I AM' School) made these years amazing and it would not have been possible without the teachers and helpers at the School, the Board of Trustees, the residence house parents, and many, many more. Thank you so much. 'I AM' so grateful!"

## THE AMAZING RACE!

Spring time brought warmer weather and we made the most of it with *The Amazing Race* for our physical education classes. Teams of two completed a multitude of tasks as fast as possible, and raced to the finish line. Mentally and physically challenging, tasks ranged from: building rafts, bow & arrows, flutes, and baskets; drawing musical instruments with your eyes closed; blindfolded obstacles; kayak, wheelbarrow, leap-frog, three-legged, and piggy-back racing; basketball shooting; waterballoon tossing; puzzle solving & code cracking; singing, acting and even putting make-up on each other blindfolded! Fun & laughter rang through the trees every week. *The Amazing Race* focus was on team-building, leadership, co-operation, problem solving, healthy competition, and using a map & compass. Students loved the challenges, and I think we will be keeping this activity for years to come!

## Kickstart! Art Exhibition

This year for our Art & Workshop class, students put on an Art Exhibition called 'kickstart!' held at The Wheelhouse café in Dunsmuir on the last day of school. We studied "plein art painting," or painting outside directly from nature, using casein paints, and an easel which they made themselves from oak plywood. They predominately studied composition, spatial awareness, self-correction, and color values. Students also produced artworks on topics they chose, expanding their creativity and free expression.

Our workshop students worked on very different projects this year, including our "I AM" School uniform, a stained glass lamp shade, and a douglas fir chair and cushions.

The exhibition gave friends, family, board members and the general public a chance to see their work, and gave the students a feel for generating and running their own exhibition. It was a huge success and wonderfully received by both the public and our community, and we definitely plan to do another exhibition in future! We raised over \$3,000 for our Student Government! You will be able to check our upcoming website for details of when and where the next exhibition will be.

## "I AM," "I AM," I know "I AM," the use of God's Limitless Opulence for Beloved Saint Germain's "I AM" School!

Beloved Saint Germain's "I AM" School has been raising the bar higher and higher these last few years. The 2018-2019 school year saw our students make a movie—"The Secret Valley;" create art in the form of beautiful paintings, stain glass, jewelry, furniture, and fashion. We held our first ever art gallery exhibition where the students' art was displayed and auctioned. This was open to the public and people could not believe the level of talent and beauty the students had put forth in their art.

These Children of the Light are already going out into the world and spreading their Light through their art, music, and projects. They are changing the world.

Please Decree with us for Supply for Beloved Saint Germain's "I AM" School. Our operating budget is \$375,000 a year; and we didn't make it this year. We have 7 students who would like to come back to the school next year but are in need of scholarships. Our scholarship fund has \$8,000 in it and we need \$35,000.

The "Call Compels the Answer." We have seen so many manifestations of the Calls that have blazed forth from the "I AM" Student Body this year, as Beloved Saint Germain's "I AM" School has been handling the marijuana beast. Please continue with Calls for the School, Mount Shasta City, America, and the World! Please add financial Calls for Beloved Saint Germain's "I AM" School! We are so grateful for all of your Love and Support; and for every Call that Blazes Forth!
