

To all of our firefighters, first responders, police, helicopter pilots, and volunteers we say:
GOD BLESS YOU! (3) WE LOVE YOU! (3) WE THANK YOU! (3)

This year was an extreme fire season for the North State. An air operations base was set up at the Mott Road airport, and the “I AM” School students and staff were privileged to be given a tour of this base, and be able to show our gratitude to the gentlemen there who had been fighting our fires.

Cinematic Magic!

In the 2018-19 year, the “I AM” School graphics class took on a project never before attempted in our educational history: we took a chapter from the patron book of the “I AM” Activity, *Unveiled Mysteries*, and adapted it into a movie form. Upon taking up the project it was clear that it would be a monumental task. The movie was to be managed, edited, and acted out by the students of the “I AM” School to make it a youth-driven project reflective of the current state of ambition and dedication in the younger generation. Taking on the role of director to this project was a daunting task, but soon proved to be an amazing and unique experience as it provided a new means of working with my peers in a collaborative process in order to produce a result that did justice to the original text. In order to meet this goal, we had to be sure to not only transpose the text, actions, and dialogue

within The Secret Valley chapter, but the original feeling conveyed along with them, which could only be accomplished through phenomenal acting: and that is certainly what my peers produced. Through hard work and letting go of inhibitions, we were able to produce a resulting film that not only stays true to its original work, but surpassed my expectations wholly and proves the capability of the “I AM” School students. We hope to unveil the final movie at the Thanksgiving Class in Tucson, Arizona, for the viewing of “I AM” Students all over the country. I am so grateful to have been a part of this experience and leave this lasting legacy for the “I AM” School.

~ Alexis Kihm, Director

Fall Newsletter

2018

Beloved Mighty Hercules,

we decree for Your Strength and Victory of the Light to be made manifest in Beloved Saint Germain’s “I AM” School!

Welcome to the 2018-2019 school year of Strength, Expansion, and Beautification. This year the Faculty and Students have dedicated ourselves and our year to our Beloved Hercules and His Herculean Strength of the Ascended Masters’ Feeling of Light! Our Beloved Hercules says:

“So if you care to trust Me like your ‘I AM Presence’ does, I will be your Friend of Limitless Energy and Invincible Protection! The majority of the time, My Radiance or Flame with which I enfold you, is Pink in the center and the outer edge of Blue.”

(The Voice of the “I AM,” 1944.10:20)

We are so grateful to our Beloved Mighty Hercules for being our Friend of the Light; and we visualize Him in His Visible Tangible Presence!

We are overjoyed to have seven new students joining us this year from kindergarten to grade seven, (and the possibility of one more); and nine returning students from seventh grade through twelfth grade. So that makes our grand total 16. Our graduates this year are Emmanuel Saryon, and German Cavazos. We are so grateful to Beloved Saint Germain for bringing us these beautiful “Children of the Light.” We decree that this expansion continues with the hope and belief of many more students enrolling in Beloved Saint Germain’s “I AM” School.

Our School beautification has already begun with the finishing of new walls and flooring in our front building that was affected by the flood we had last

December. So not only does it feel like an entirely new

building; but plans have been drawn up and we are moving forward this year with the joining of the two buildings, and the expanding of the front building. This will give us a much-needed lunchroom, kitchen, larger Assembly and music room, and a science classroom; as well as a front and side porch. We are decreeing for the floodgates to open so that this beautification project is completed and paid in full for this school year.

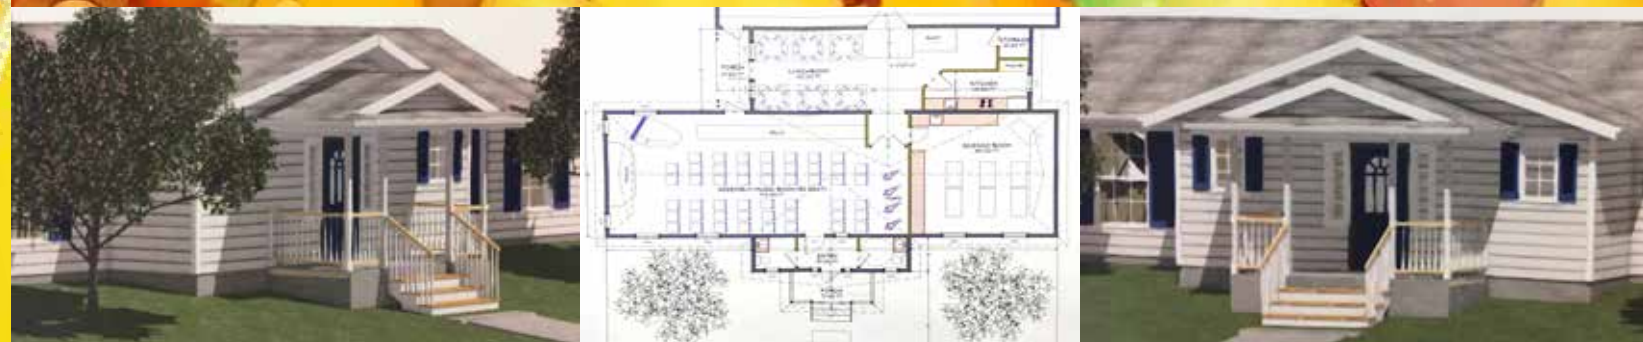

We have a special treat planned this year for the “I AM” Ascended Master Miracle Thanksgiving Class in Tucson, Arizona. The high school students are doing something that has never before been done. They are creating a movie which we hope to debut at the Class. We hope to see you there.

We have a wonderful team of teachers who have so lovingly come to serve at His Majesty’s School: Miss Erika, Miss Claudia, Miss Henny, Mr. Elrod, Miss Carol, Miss Katrin, and myself are all back for another victorious year. “I AM” SO GRATEFUL to Beloved Saint Germain for the wonderful, and amazing team He has assembled to take His School forward to Victory.

We are so grateful for the privilege of serving His Majesty and helping Him to raise a generation of Ascended Master-like Beings to bring forth the Permanent Golden Age. We thank you and bless you with all the Love of our Hearts for all of your Love, support, and are so grateful for each and every Decree!

This is definitely the year of Strength, Expansion, Beautification, and Gratitude and for that “I AM” SO GRATEFUL!

~ Shelley Blomberg

The “I AM” School Newsletter is published by the Board of Trustees of the “I AM” School and distributed worldwide to “I AM” Sanctuaries, “I AM” Temples, and interested “I AM” Students. Articles are prepared for publication by faculty members and students, with occasional guest writers. Photos are provided by faculty, students, and friends. Trademarks and Service Marks of Saint Germain Foundation include: “Beloved Mighty I AM Presence”®, “I AM”SM, “I AM” Activity®, “I AM” Ascended Master Youth®, “I AM” Sanctuary®, “I AM” School®, “I AM” Student Body®, “I AM” Temple®, Saint Germain®, Shasta Springs®, Violet Flame®, Violet FlameSM and *The Voice of the “I AM”*®.

Rich & Beautiful Music

This year we decided to attend the fall bell choir festival in Redding. We were specifically asked to prepare a piece, with harp accompaniment, to perform as a featured solo choir in front of the audience. We chose “Calm on the Listening Ear of Night.” The students had been practicing for weeks, and we were as thrilled to play, as they were to hear us.

The day started with a massed rehearsal of the four songs that all the choirs had prepared ahead of time. We participated in two of these: “Mediation on Beautiful Savior” and “Now the Green Blade Riseth.” It was quite astonishing to hear all those bells playing together—hundreds of bells—inside the large gymnasium. Some choirs had bass

bells large enough to fit two of our lower bells inside!

There were two opportunities for workshops throughout the day. Alexis, Justin, Izzy, Bella, and Shanti attended the “Planting Bell Trees” workshop, where they learned how to hang the bells in linked columns and play them with mallets. German, Emmanuel, Thomas, and Kevin participated in session of sight reading new music. Carol, Aidan, and Eric learned how to repair and adjust the bells and chimes to the desired settings of tone and quality. For the afternoon workshop, all of us attended the “Beginning ringing techniques.” We learned the proper way to do effects like ‘thumb damp,’ ‘brush damp,’ and ‘martilado,’

which is plunging the bell into the cushion of the table to get staccato/ percussive sound.

After the second massed rehearsal we had a short break and then returned to our positions for the final concert at 4:30. We are so grateful for our many friends who showed up to support us. The concert was spectacular and everyone had a great time. Many people came up to us to say how thrilled they were to have us there, and hoped we would return next year—which we look forward to doing.

The day ended with a scrumptious dinner at a favorite restaurant, and then back home to Mount Shasta. It was a full and happy day filled with victories.

~Miss Carol

Redding Bell Choir Festival 2018

SHASTA ROWING MIRACLES

Last year the high school students got to try their hand at rowing for the first time, and it was extremely well received. So much so, we reached out to neighboring Rowing Clubs to see if anyone had any secondhand boats for sale, with the thought being perhaps we could have a high-school team one day. Well! We were not prepared for the enormous generosity of the Shasta Rowing Association based an hour from Mt Shasta in Redding, CA. They literally said, “Please take some boats, we don’t use them all, you are welcome to have them!” However, on the very week before we came to pick them up, the devastating and lethal Carr Fire swept through the rowing headquarters, destroying many boats, and all their sculling oars—an enormous loss. We headed down as soon as we could to help them move boats out, and they kindly gave us the trailer that remained (although it needed new wheels as the existing ones had melted!). We, so very gratefully, have been given five boats to start our rowing team, and one on loan. We now have two fledgling novice crews, and are hoping to race in December and February. We like to think the rainbow we saw was a sign of gratitude (*top right*)—and of new beginnings, new energy, and new goals for Shasta Rowing!

Gratitude & New Beginnings!

Cate, Kevin, Andi, Olivia & Izzy

Alexis, Andi, German & Kevin

This year our Beloved Master for the year is Mighty Hercules, so our theme for the Harvest Festival costume party was ‘Strength.’ We had a beautiful fall afternoon of carving pumpkins, and fun festivities. Guess some of the costumes! Duck-Tape, a Pulsar Star, Amelia Earhart, Alexander Hamilton, Rosie the Riveter, a Pilgrim, Super Glue, & many more!
